## EK SERIES Economy Shallow Well Jets

Designed strictly for use as a shallow well ( single pipe ) jet pump or pressure booster only. Should your application require a double pipe deep well installation ( ie water level in well below 20' from surface ), please use either the CPH 05 or CPJ Series Convertibal Jet Pumps. Even though this is our most economical model jet pump, the EK Series includes the following quality features:

Flint & Walling's Service Plus Uni-frame Motor with double ball bearings -- High Tensile Gray Iron Pump Body -- Removable Shallow Well Ejector -- Molded Thermoplastic Impeller & Diffuser.

<b>EK 05 S</b>	EK05S	<b>\$ 279.00</b>	<b>1/2 hp</b>	Price includes Shallow Well Ejector
<b>EK 07 S</b>	EK07S	<b>\$ 331.00</b>	<b>3/4 hp</b>	Price includes Shallow Well Ejector

## CPH 05 Competitive Convertible Jet Pump

The CPH 05 is an enhanced version of the EK Series. It is available in 1/2 hp Only; but does offer the features of being a convertible jet pump ( can be used either shallow well / single pipe or deep well / two pipe ). A special higher service factor 1/2 hp motor along with a high performance impeller gives the CPH 05 greater capacities & pressures than the EK Series, while still offering a competitive price.
