STAINLESS STEEL DRIVE POINTS

Heavy ductile iron hex shaped drive point to prohibit turning or wandering in tough driving conditions. Schedule 40 heavy wall Electro-Galvanized steel pipe body for extra strength and resistance to flaking or peeling. Bronze Mig weld on top and bottom to prohibit stainless steel jacket and outer wrap from shifting or peeling. Has 3/16" spot welds on 1" centers along drive point seam to prevent seam opening. Heavy duty stainless steel outer jacket with 1/8" staggered perforations, for maximum open area, with inner stainless steel 60 gauze wrap (equivalent to .010" slot opening), for long life and low corrosion.

\$ 48.95 1-1/4" x 36" x 30" 114X36X30 **Stainless steel drive point** with 60 gauze wrap (equivalent to .010" slot) 36" overall length with 30" of screened length.

\$ 75.25 2" x 36" x 30" 2X36X30 **Stainless steel drive point** with 60 gauze wrap (equivalent to .010" slot) 36" overall length with 30" of screened length.

DRIVE POINT HEAD ONLY

\$ 16.95 1-1/4" 114CIPO **Cast Iron drive point head only**

\$ 18.95 1-1/2" 115CIPO **Cast Iron dirve point head only**

\$ 32.00 2" 2CIPO **Cast Iron drive point head only**

CAST IRON DRIVE CAPS

\$ 9.95 1-1/4" 114CIDC **Cast Iron heavy drive cap**

\$ 19.35 2" 2CIDC **Cast Iron heavy drive cap**

\$ 40.95 2" 2BBWV **Brass Back Wash Valve**

SAND BLOCKER DRIVE POINT

Sand Blocker Drive Points and Extensions are constructed of 2 layers of stainless steel with 3/16" perforations and stainless steel wool between them for filtration. Drive points are male iron pipe x point and extensions are male x female iron pipe.

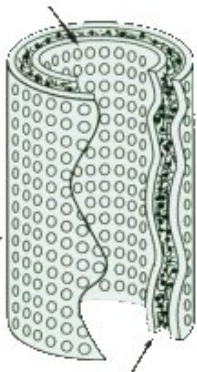

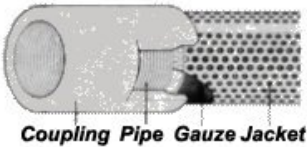

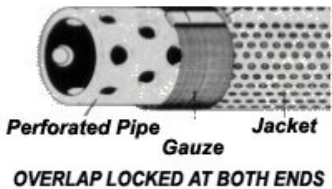

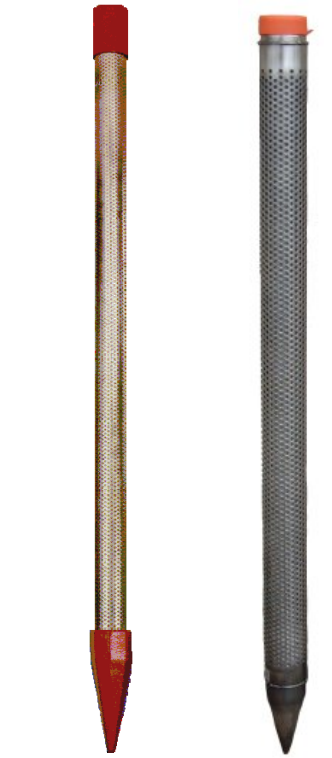

Features: Large inflow area of 32% provides twice the flow of wire wrapped screens...One size fits all comparable slot sizes .003" and larger...Rugged design...Strongest stainless steel screen in market today...Resistant to plugging and corrosion...Pore size distribution replicates sand size distribution...Gravel pack not required saving time and money...All stainless steel construction including the point head itself...Competitively priced. For driving into sand only.

\$ 389.00 2" 2x48SANDBLOCKER 2" x 48" **Stainless Drive Point M x Point**

GALVANIZED STEEL DRIVE PIPE IN 5' LENGTHS T & C

\$ 39.75 1-1/4" 5' length of 1-1/4" galvanized, threaded both ends with a coupling
114X5GLVTC

\$ 57.00 2" 5' length of 2" galvanized, threaded both ends with a coupling
2X5GLVTC

SANDBLOCKER

Once you have an order for over \$ 1,000.00 of Non-Pipe products, you can add the above galvanized pipe to your order & it will travel along freight prepaid also.
