

SEWAGE TANKS & PACKAGED SYSTEMS

10 - 1 - 11

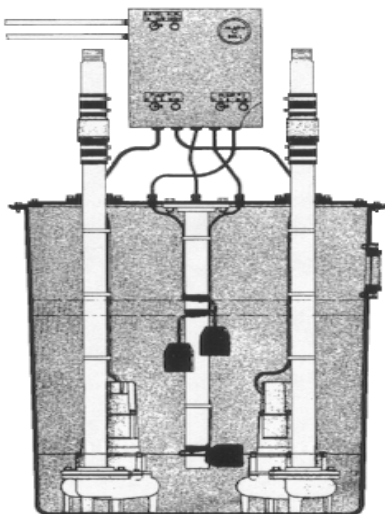

POLYETHYLENE SEWAGE TANKS & BASINS

for installation in a basement floor

These high density polyethylene sewage basins are IAPMO approved and are ideal for either residential or commercial applications. Polyethylene basins offer one-piece seam-free construction. Durable steel covers with anti-corrosion coating are included. Lids are available with 2" or 3" vent as well as 2" or 3" discharge. Duplex covers include two pump plates and an inspection plate. Gasket, necessary sealing hardware and flanges, and a 4" cast iron entrance hub are standard. Center line of hub is located 10-1/2" down from the top of the basin. These sewage basins are water tight and gas tight when properly installed.

Please Note: Customer must check if his code requires 10' water stack test rated tanks. Florida and LA County require this rating. We stock model #310159 that meets this requirement for indoor tanks. We can special order 10' water stack test rated indoor tanks in most sizes shown on this page

SIMPLEX SEWAGE TANK SELECTION

#310091	\$ 89.00	18" x 30" Simplex Poly Tank with 2" Discharge and 2" Vent
#310082	\$ 97.00	18" x 30" Simplex Poly Tank with 3" Discharge and 3" Vent
#310159	\$ 129.00	18" x 30" Special Simplex Tank with 2" Discharge and 2" Vent IAPMO 10' water stack test rated. CA and FL Approved.
#310039	\$ 253.00	24" x 30" Extra Large Simplex Poly Tank with 2" Discharge and 2" Vent
#310040	\$ 261.00	24" x 30" Extra Large Simplex Poly Tank with 3" Discharge and 3" Vent
#311102	\$ 348.00	24" x 36" Extra Large Simplex Poly Tank with figerglass lid with 2" Discharge and 2" Vent, and has 4" pipe seal for inlet.

DUPLEX SEWAGE TANK SELECTION

#310043	\$ 505.00	30" x 36" Duplex Poly Tank with 2" Discharge and 2" Vent
#310044	\$ 535.00	30" x 36" Duplex Poly Tank with 3" Discharge and 3" Vent
#310047	\$ 642.00	36" x 36" Duplex Poly Tank with 2" Discharge and 2" Vent
#310048	\$ 672.00	36" x 36" Duplex Poly Tank with 3" Discharge and 3" Vent

DRAIN PUMP PACKAGED SYSTEM

#105-M53 105M53	\$ 249.50	Sump Pump / Drain Pump Package includes Zoeller M53 automatic sump pump, a 5 gallon polyethylene drain basin, basin lid, sump pump check valve and internal discharge pipe.
--------------------	-----------	---

SIMPLEX SEWAGE PUMP PACKAGED SYSTEMS

264-18x30 2641830	\$ 459.50	Simplex Packaged Sewage System includes the M-264 automatic 4/10 th horsepower sewage pump, an 18" x 30" polyethylene sewage basin, the gasketed steel basin lid, and 2" sewage check valve.
267-18x30 2671830	\$ 499.95	Simplex Packaged Sewage System includes the M-267 automatic 1/2 hp sewage pump, an 18" x 30" polyethylene sewage basin, the gasketed steel basin lid, and 2" sewage check valve.
267-24x30 2672430	\$ 664.00	Simplex System with Larger Tank includes the same as above, except it has a larger 24" x 30" basin – allowing additional storage & peak usage.

DUPLEX SEWAGE PUMP PACKAGED SYSTEMS

267-30x36 2673036	\$ 1917.00	Duplex Packaged Sewage System includes two N-267 non-automatic sewage pumps, #10-0092 "E-Pak" electrical alternator duplex control panel, three sensor floats, a 30" x 36" heavy polyethylene sewage basin, gasketed steel lid for duplex system, and two sewage check valves.
267-36x36 2673636	\$ 2054.00	Duplex Packaged Sewage System includes two N-267 non-automatic sewage pumps, #10-0092 "E-Pak" electrical alternator duplex control panel, three sensor floats, a 36" x 36" heavy polyethylene sewage basin, gasketed steel basin lid for duplex system, and two sewage check valves.
301008	\$ 15.00	Seal for 4" Sch 40 PVC pipe to basin cast iron hub.
